

Parents, we hope that everyone has had the opportunity to register and browse around the Teaching Strategies GOLD website. If you have not been invited please check with your child's teacher or Mr. Robert to ensure that we have the correct email address on file.

Reminder: **Tuition payments are due on time.** Any payments made after your due date will result in a late fee added to your current amount. All teachers have envelopes for payments so feel free to ask for one. Envelopes have to be handed to a teacher.

Past/Current Events

The month of July was filled with rain and very hot days. Please be sure to dress your child appropriately for the weather. When it is too hot outside we do not take the children outside but instead use our creative side to explore indoor gross motor play.

Kindergarten Koalas

It's almost time to say our official goodbyes to our Kindergarten students. We have had an amazing year and a great summer. I wish you all the best of luck in 1st grade!

Our class will be welcoming new children towards the end of this month. Kindergarten packets will be going out when our class roster is final. For this month we will just be having fun with water and trying to enjoy the nice weather for as long as we can. The children are very eager to go to 1st grade and are ready to show off their skills.

Any parents that have children coming into the Kindergarten class please feel free to ask me any questions in regards to the upcoming school year. A supply list will be included in the packet.

Ms. Jane

Lions Classroom

Hi Parents!

There is transitioning being done within the Lions classroom at the moment. There will be more information to come. If you have any questions please feel free to see Mr. Robert in the office.

Peanuts Classroom

Dear Parents,

For the month of August, we will be reviewing our past basic lessons on colors, numbers, shapes and letters. We are reviewing because we are trying to prepare our students for the upcoming school year. We will be incorporating many fun crafts with each lesson.

A couple of reminders for parents:

- *Please bring your child in by 9:30a.m.
- *Do not bring your child to school with food from home. It is prohibited for outside food to be eaten unless it is a birthday or special occasion.
- *Please check your child's cubby for extra clothing as well as weather appropriate clothing

Thank you,
Ms. Megan & Ms. Joannie

Bears Classroom

For the month of August we will be continuing our study of opposites. We will be focusing on Top/Bottom, Up/Down and Over/Under. We will be continuing water and sand play outdoors as well as science play with seashells and rocks in our media table. For art, we will continue creating with rocks, sand and other materials in different forms.

Ms. Taga

Dragons Classroom

Dear Parents, we will be studying Dinosaurs in the month of August. We are starting with plant eaters. The children will learn what the dinosaurs eat, how they protect themselves, how they move and about their children. We will continue to review the alphabet and numbers. Have a wonderful and fun summer!!!!
Ms. Hope

PeeWee's Classroom

Hear Ye Hear Ye, it's soon going to be that time of the year again. It has been an amazing summer but it is coming to an end. Our Pee-Wee's had so much fun learning about insects, bugs and exploring the world around them. Next month many of our Pee-Wee's will be moving on to different classrooms. To those that will leave, Thank you for an amazing year! This month we will be sending home packets with your child's work that has been collected throughout the year. There will also be plenty of pictures inside so please do not throw them away!

Mrs. Claudia & Ms. Irene
