

"WHERE YOUR CHILD ALWAYS COMES FIRST!"

Summer is almost over and it's almost time to get ready for some chilly weather. Please dress your child appropriately in addition to making sure that they have an adequate change of clothing in their cubby box. The children will still be going on walks and enjoying the fresh air by going out into the gross motor area making it very important for them to have a sweater or jacket on cool days.

The Teaching Strategies website is up and running. By now all parents should have received an email regarding the site. Teachers will be informing all parents of any details associated with this website and your child as it becomes available. **Access to the website and your child's profile is completely FREE.**

Important News

Tuition payments are due on time.

Any payments made after your due date will result in a late fee added to your current amount. All teachers have envelopes for payments so feel free to ask for one. Envelopes have to be handed to a teacher.

Kindergarten Koalas

HELLO KINDERGARTENERS! We are now in the 3rd month of the school year and the children are beginning to adjust very well. We are still having some issues with children returning homework and learning their weekly sight words. Parents please be sure to practice the words at home with your child. Assist them in learning the letters that are in the words along with the sounds of the letters. They need to learn them in random order as well. For the month of November we will be discussing in detail the many traditions of Thanksgiving, Harvest Time and also the changes that are rapidly occurring with the weather. It is imperative that your child bring in their B.E.E. Binder everyday. This is important in teaching responsibility and routine. Any questions please feel free to email me or call the school.
Mrs. Jane

Lions Classroom

Dear Families,

We are introducing a new theme for the month of November- insects and spiders. The children will become aware of the difference between insects and spiders and the ways in which those creatures are helpful. Some of the learning experiences planned include: singing "itsy bitsy spider", listening to stories like The Very Hungry Caterpillar by Eric Carle, going on an Ant Hunt, eating "ladybugs" and creating butterflies out of a variety of materials. Enjoy your child!!

Thank you,
Ms. Krystyna

Peanuts Classroom

Dear Parents,

For the month of November, we will be continuing our lesson on colors. Each week we will be covering a different color and discovering what objects are associated with and are that color. We will also begin studying about Thanksgiving. The meaning of the day as well as traditions and many activities will be done.

Parents please remember to dress your child according to the weather. Be sure to periodically check your child's cubby box for any needed articles of clothing.

Thank you,
Ms. Megan & Ms. Joannie

Bears Classroom

For the month of November, we will continue with our alphabet-letters G-J. We will also be reviewing the numbers 1-10. In addition we will be discussing Thanksgiving as well as being thankful with an assortment of projects pertaining to this topic. We will continue to use natural items for our art projects as well as our media table for sensory play.

Ms. Taga

Dragons Classroom

Dear Parents,
For the month of November, we will be working on the letters E, B, G, J and I and the #'s 6 & 8. We will be talking about emotions, bats, grandparents and Thanksgiving. My classroom is a little on the cool side in the winter months so please dress your child appropriately.
Thank you, Ms. Hope

Butterfly Classroom

Why does the weather change? Where does the rain and snow come from? Grab your coats and get ready to investigate the reasons for the changing of the seasons.

We have briefly gone over this as we introduced the fall season and will continue with understanding the remaining three seasons. Also we will have a new set of focus items:

Letters: W, U and T

Numbers: 3 and 4

Shape: Rectangle

Colors: Orange and Yellow
